

Digital Photography Training Course

One day Beginners Course

Is it for me?

This course has been specifically designed for the complete beginner or for those with a basic knowledge of photography who wish to learn how to use their camera using Manual settings.

What does the course cover?

Morning session

- Introduction and Critique of your images
- Aperture, Shutter Speed, and ISO
- Camera Modes
- White Balance
- Composition hints and tips - What to look out for and how to frame

Lunch break (approx. 1pm)

Afternoon session

- File types - Which ones to choose RAW, JPEG, TIFF
- Focusing
- Depth of field - What depth of field is and how to control it
- Lens types and focal lengths - Which lens to use for the best result
- Natural light - How to use it
- Flash - When to use it

What are the times of the course?

The course will start at 10am and finish at 4pm (times may vary).

What do I need to have with me?

- A digital camera – preferably a DSLR.
- Extra camera equipment – Camera batteries, memory cards, extra lenses (optional, not essential)
